MONTEREY, CAL.

Under U. S. Government Supervision

The proposed Carmel-San Francisco auto line has been endorsed by the Monterey Chamber of Commerce. The application to inaugurate such a line is now pending before the Railroad Commission. The Wilson Transportation Co., the promoters, announce that two daily round trips would be made between Carmel and San Francisco, with stops only at Monterey and Del Monte. Twelve passenger Cadillacs will be used.

DRUGGISTS

246 Alvarado Monterey

Mr. H. W. Hansen, a coast artist of note is here enjoying a well-earned period of rest and recreation. His work has been largely of frontier and desert scenes. His son, also a wielder of the brush, is painting in the Monterey Bay country. The former is a La Playa guest.

A strong effort will be made to have Cardinal Mercier, the Belgian prelate, visit Carmel next month. It seems fitting that this eminent Catholic should visit the Mission where Junipero Serra, the Great Padre, lived and labored and died, and the spot where repose his remains.

STRONG MEN WEEP, SAYS DR. DAVIS

Former Red Cross Commissioner Tells of Recent Trip to Poland.

FOUND CHILDREN STARVING.

American Jews Raising $35,000,000 to Save Survivors—Plan to Aid Christians as Well as Own People.

"The tragedy of the next few months in Eastern Europe bids fair to equal, if not to surpass, that of the actual war years themselves. Words are utterly inadequate to describe the suffering from poverty, starvation, disease and other allied causes that is met on every hand. Literally hundreds of thousands of the unfortunate victims of circumstances are looking to America as their only hope, but it is a question if America has not heard so much of suffering in recent months that she is numbed and perhaps cannot fully realize the terrible crisis that now confronts vast numbers of people abroad."

The above gives in brief the carefully considered opinion of no less an authority than Dr. Haim I. Davis, well known neurologist of Chicago, who returned a short time ago from Poland, where he served for some months as American Red Cross commissioner and made an intensive study of economic, social and political conditions with a special view to determining America's present and future responsibilities. At the request of Louis Marshall, Felix M. Warburg, Jacob H. Schiff of New York, Julius Rosenwald of Chicago and other prominent members of the American Jewish Relief Committee, Dr. Davis submitted a special summary of conditions in Poland. This report, together with additional information secured from other commissioners abroad, forms the basis for the appeal which the above committee is making for $35,000,000 this year to save the lives of war's victims in those countries where the situation is most dire. The headquarters are at 15 East 40th Street, New York.

"If America could be given but a glimpse of the childhood of Poland," says Dr. Davis, "the millions of dollars that are needed would be forthcoming instantly. The common lot of literally thousands of these youngsters, both Christian and Jewish, makes strong men weep and has actually been the cause of a number of investigators for various organizations leaving the country before their work was completed.

"Walk down the streets in certain sections of Warsaw, Vilna, Kovno and other cities in Eastern Europe and you will see mother after mother, themselves emaciated, carrying children who are apparently infants of a few months, but in reality are five to eight years old. For years they had no milk, and all the other food procurable has been sufficient only to keep them alive. Undernourishment has been so long continued that the little bodies are stunted, rickets being a common affliction, and many of them can never be restored to normal health and strength.

"The lives of thousands can still be saved, however," the doctor told the Jewish Committee in his report, "if food is rushed over quickly.

"It is in the name of the pitiful children of Poland, the babies of Christian as well as Jewish parents, that I urge you to make your appeal to America for the funds that will restore their birthright to these little ones."

Official Paper of the City

CARMEL-BY-THE-SEA, CAL.

SEPTEMBER 25, 1919

For President HIRAM W. JOHNSON

WEEKLY GREETING

One of the assets of a growing city, is a loyal, boosting, progressive newspaper.

Your local newspaper should be given every encouragement. It has advertising space and subscriptions to sell. Buy both.

W S S

HIGH COST OF LIVING

The federal government has launched a relentless war against profiteering. Various states are following this example and countless cities are also taking steps to see that the high cost of living is reduced.

All these efforts, however, are doomed to failure unless the people themselves take a hand in the matter. Unless the men and women who do the buying insist on getting full value for their money and patronize only those merchants who are satisfied with legitimate profits, it will be impossible to reduce prices to where they should be.

Careful buying will leave almost every family a margin of savings out of the family earnings. Dollars saved today are "cheap dollars," because their buying power is less than in years gone by and less than it will be in the not far distant future. The government offers the opportunity of putting these cheap dollars to work, earning interest while they are returning to their normal value.

This opportunity is the Registered Treasury Savings Certificate, the War Savings Stamp and the Thrift Stamp. Investments in these are guaranteed by the government. Money invested in these securities with the accrued interest will be returned by the Government on ten days' notice. If Registered Treasury Savings Certificates or War Savings Stamps are held until maturity, so much the better. But whether held that long or not, they form an excellent way of fighting the high cost of living. Work and save.

THE A B C OF THE LEAGUE OF NATIONS

By DR. FRANK CRANE.

(Continued from last week)

8. What other nations may join?

A. Any self-governing State which will agree to the rules of the League, provided the League accepts it.

9. What Agencies will the League have?

A. (1) An Assembly, composed of representatives of all the member Nations,
(2) a Council of Nine,
(3) a Secretary-General,
(4) a Mandatary Commission, to look after colonies, etc.,
(5) a Permanent Commission, for military questions,
(6) various International Bureaus; such as the Postal Union, etc.,
(7) Mandataries.

10. What is a Mandatary?

A. Some one nation designated by the League to attend to the welfare of "backward peoples residing in colonies of the Central Empires, or in territories taken from them." This is to be a "sacred trust," and in selecting a mandatary the wishes of the people of the area in question shall be the principal consideration.

11. Does the League mean a Super-nation?

A. No. It interferes in no way with any Nation's Sovereignty, except to limit its power to attack other nations.

12. Can any Nation withdraw when it wishes?

A. Yes. The League is Advisory and Co-operative, not coercive.

13. Does the League put Peace above Justice and National Honor?

A. No. It puts Reason before Violence.

14. Does not the League take away the Constitutional right of Congress to declare war?

A. No. The League can advise war; Congress alone can Declare war.

15. Does it destroy the Monroe Doctrine?

A. Exactly the contrary. For the first time in history the other nations recognize the Monroe Doctrine; and extend it to all the world.

16. Does it not interfere with Treaty Making Powers of the United States?

A. No. It is a Treaty. We can make any Treaty we please.

17. Would we have had the Great War if we had had this League?

A. No. That War cost the world over 7,000,000 lives and 200,000,000,000 dollars.

18. Of what importance is the League?

A. It is the greatest deed of mankind in the history of the world.

19. Has not anyone a right to object to the League?

A. Yes. This is a free country. Anyone has a right to any opinion he chooses.

20. Why is the League so bitterly opposed by a few?

A. Because, unfortunately, any Treaty or League must be made by the President; and a President is chosen by a political party and many members of the opposite Party think they must decry whatever he does.

Stevenson's Beautiful Word Picture

The waves that lap so quietly about the jetties of Monterey grow louder and larger in the distance. You can see the breakers leaping high and white at day; at night, the outline of the shore is traced in transparent silver by the moonlight and the flying foam. . . The waves come in slowly, vast and green, curve their translucent necks and burst with a surprising uproar that runs, waxing and waning, up and down the long keyboard of the beach. The foam of these great ruins mounts in an instant to the ridge of the sand glacis, swiftly fleets back again, and is met and buried by the next breaker. On no other coast that I know shall you enjoy in calm, suuny weather, such a spectacle of ocean's greatness, such beauty of changing color or such degrees of thunder in the sound. The very air is more than usually salt by this Homeric deep.

News of Street Work

It is the intention of those who will protest against a concrete roadway on Ocean Avenue at the next Trustees' meeting to ask immediate consideration of the plan, already presented, for a rock and gravel roadway. The demand for some sort of improvement on our main business street is very insistent and essential.

Property owners on Carmelo Avenue are circulating a petition to have their street improved in the same manner as the other streets now being done. It will be an advantage to do the work now, while the contractor, his men and machinery are here. Owners on other streets should bear this in mind.

Rock from the municipal quarries has been passing through the town all week on its way to the streets where it is being used. A considerable portion of Eighth Avenue is already covered. Take a walk and have a look at the work.

Let's Buy Our Share

The people of Carmel as buyers of 1919 Thrift Stamps are way behind the quota. And Carmel is no exception in this respect.

The Treasury Department made plans for a $10 per capita investment in 1919 stamps throughout the country. For the first seven months of this year the purchases amounted to $95,400,470, or a per capita of only ninety cents.

In Carmel even less than ninety cents per capita has been purchased. To make plans for a Thrift Stamp campaign here a committee has been appointed. A meeting will be held at the City Hall at 5 o'clock tomorrow afternoon. The committee members are: Dr. C. A. McCollom, P. C. Prince, W. L. Overstreet, Miss I. A. Johnson, W. T. Kibbler, Rev. S. C. Thomas, Mrs. C. B. Silva.

Ann Dare Now Has Her Own Theatre

The Little Theatre at 2309 Clay street, San Francisco, the home of the Players' Club, which has just been vacated by them for their beautiful new place on Bush Street, has been leased by Madam Ann Dare, who will leave Carmel on October 1st to remodel it into a Russian studio and living apartments for herself and her two Russians, Vasia and Sonia.

From the stage of this well-known little play house Vasia will be presented to the people of San Francisco who love things interesting in music, and Sonia will return to her dancing with a very clever young Servian as partner, a former pupil of Ann Dare in pantomine.

When the Little Playhouse Studio is remodeled it will be rented for private concerts and recitals. Already there have been, through Reginald Travers, Director of the Players' Club, several applications for its use during the winter.

Ann Dare is to be hostess at the new Players' Club Little Theatre and will present there on November 1 her Chinese pantomine with a Chinese cast. Later in the season a play of early California days, written for Estralitta, the Spanish dancer, will be given. Theodore Criley's clever one-act comedy, "When a Man's Lonely," will probably be on the same bill, with a clever group of Players' Club actors.

Vesia Amkeef, the young Russian basso, is to sing at the opening performance of the new theatre on October 17. He is coming here this week-end to assist Ann Dare with her packing.

The Boys' Club

By Miss I. A. Johnson

When an appeal was made last week, through the Pine Cone, for some one to form a Junior Boys' Club we were pleasantly surprised to receive an immediate answer from Miss Blanche Ayles, who has recently come to Carmel. She is accustomed to work with boys and has expressed her interest in and willingness to take up the work here.

There are a number of boys too young for the other organization, and the Junior Club will consist of boys nine to thirteen years old.

Tomorrow evening the boys desiring to join will meet Miss Johnson at the Postoffice at 7:30 and will proceed to Miss Ayles' home. The other club meet as usual.

TWELVE YEAR OLD BOY LENDS 100 DOLLARS

Earns Money After School and Invests It With Uncle Sam

San Francisco—While we are "gabbing" pro and con these days about America's contribution to the war and victory, like a fresh spring breeze comes a letter from a twelve-year-old Sacramento boy exemplifying the war's contribution to America. It was addressed to the Director of the War Loan Organization of the Twelfth Federal Reserve District, and reads:

"Dear Sir:—I have bought $65 worth of War Savings Stamps and am trying to get $100 worth before the year is out.

"I am twelve years old and have earned every dollar of it working for my neighbors, cutting lawns, irrigating, and running errands. The savings director here said for me to write to you and you would send me a hand grenade bank if I have earned two War Savings Stamps during my vacation. I have earned six already and expect to get at least two more before school starts. Hoping I am deserving of one, I remain,

"Very truly yours,
"WILLIAM BADER,
"2019 F Street,
"Sacramento, Calif."

C. A. Farnsworth, associate director of the War Loan Organization for the Twelfth Federal Reserve District, replied:

"My Dear William:—When I read your letter telling me how hard you worked to earn that $65 you have invested in War Savings Stamps and that you expect to increase it to $100 before the end of the year, it made me think of a picture that Ralph Yardley, an artist, drew one day during the Victory Liberty Loan. It was a picture of Uncle Sam shaking hands with a workman who had just bought a Liberty Bond and Uncle Sam was saying, as he looked the workman squarely in the eye, 'You are my kind of an American.' Your letter made me think of that picture because you are my kind of an American. After this when I think of that picture I will see you instead of the workman shaking hands with Uncle Sam.

"Yours for America,
"C. A. FARNSWORTH."

The Wonders of Ameriea

By T. T. MAXEY

THE KEOKUK DAM.

THE Mississippi river has been harnessed! A genius named Cooper (Hugh L., late of General Pershing's forces in France) turned the trick.

He built a concrete dam, 42 feet wide at the bottom, 29 feet wide on top and about 53 feet high, across the river; a powerhouse in which will be housed thirty 10,000 horsepower turbines, each with its generator weighing 850 tons; a lock 400 feet long and 110 feet wide (the width being the same as the locks in the Panama canal, but the lift is higher); the largest dry dock (at the time) in fresh water and an ice fender.

It was necessary to acquire about 25,000 acres of land, build 50 miles of roads and streets and clear 5,000 acres of brush and timber. More than 1,300 property owners were dealt with. Litigation was resorted to in only about ten cases. Two hundred and eighty-nine tons of dynamite were used. Construction work required about 800,000 barrels of cement, 7,500 tons of steel, 300,000 cubic yards of sand, 3,500,000 pounds of structural steel and 20,000,000 feet of lumber.

Now, the "Father of Waters" turns the machinery that lights cities, runs street cars and operates factories. Sixty thousand horsepower of electricity is used in St. Louis, 141 miles away. Sufficient power is generated to light a boulevard from Portland, Me., to Los Angeles, Cal., using 48 candle-power lamps set 100 feet apart.

Construction started January 5, 1910. The first current reached St. Louis July 1, 1913. The total cost of the plant was $26,000,000.

IN THE MATTER OF THE ESTABLISHMENT OF A MODEL OF THE MISSION BUILDING AND OUTBUILDINGS KNOWN AS SAN CARLOS BORROMEO MISSION, COMMONLY CALLED "CARMEL MISSION," NEAR CARMEL-BY-THE-SEA, MONTEREY COUNTY, CALIFORNIA.

Upon reading and filing the petition of A. P Fraser, Mrs. E. K. deSabla, C. J. Arne, Peter Taylor and Wm. T. Kibbler petitioning this Commission to fix a time and place for a hearing in order to and that this Commission then and there investigate and acquire information as to the physical characteristics of the Mission building and outbuildings known as San Carlos Borromeo Mission, commonly known as Carmel Mission, near the town of Carmel by-the-Sea, Monterey County, California, and to give notice of said hearing and the time and place fixed therefor, as required in an Act entitled "An act to amend section four of an act entitled 'An act to create a commission for the purpose of making a survey of local historical material in the State of California; defining the power and duties of said commission; and making an appropriation therefor,'" approved May 17, 1917, and good cause appearing therefor.

IT IS HEREBY ORDERED that Friday, October 31, 1919, at the hour of 10 o'clock A. M. and the audience room of the Town Hall of the town of Carmel-by-the-Sea, Monterey County, California, situated on the Northwest corner of Ocean Avenue and San Carlos Street in said town of Carmel-by-the-Sea, Monterey County, be and the same hereby are fixed as the time and place for said hearing, and that any and all persons interested in the said Mission buildings or having any information as to the condition of the said building and outbuildings connected therewith, or any part thereof, may present any facts and any papers, records, documents or other information substantiating the said persons' ideas as to the condition of said Mission buildings and outbuildings at the time when the Franciscan Fathers were in charge thereof, and that the Secretary and Archivist of this Commission give public notice of said time and place fixed for said hearing at least sixty days prior to the said time, in the following newspapers: The 'Sacramento Bee,' "San Francisco Examiner," "Los Angeles Express," and the "Carmel-by-the-Sea Pine Cone," the said latter paper being the paper published in the county in which said Mission building was situated and in the town nearest the said Mission building.

AND IT IS FURTHER ORDERED that this Commission then and there hear and consider any information appertaining thereto which shall be brought before it to the end that it may establish accurate models of the said San Carlos Borromeo Mission with its outbuildings, and cause to be prepared plans and specifications sufficient in detail to enable the said Mission buildings and outbuildings to be restored as they were when the Franciscan Fathers were in charge thereof.

Dated August 19, 1919.

JOHN F. DAVIS,
Chairman of California Historical Survey Commission.
